

### Transition for September 2021 - Meet the teachers!

<p><b>Miss Wilding</b></p> 	<p><b>Tell us a little about yourself...</b></p> <p>I have lived in Lincolnshire all my life and I live close to all my family members, who I am able to visit often.</p> <p>After studying for A-Levels, I worked in a nursery pre-school room for two years and volunteered part-time in a primary school. During this time, I developed a love for teaching and I began studying Education Studies and Early Years at Nottingham Trent University the year after.</p> <p>I had a lot of fun during these years, and was lucky enough to complete my Early Years Initial Teacher Training at the same time.</p> <p>I have recently moved house and it has become a big project which I am really enjoying!</p>
<p><b>How long have you worked at Poplar Farm School?</b></p> <p>I started at Poplar Farm School in September 2018, starting my teaching career with the very first intake of EYFS children!</p>	
<p><b>What is your favourite thing about working with children?</b></p> <p>I love to see children learn and achieve new skills and talents, which they are proud of. It is nice to be a part of this experience and watch them grow and develop in confidence.</p>	
<p><b>Tell us something not many people know about you</b></p> <p>When I was younger I loved the film Matilda, and watched it over and over! I wanted to be just like Miss Honey, so my mum bought me my own whiteboard, and I used to teach my imaginary class every day after school!</p>	
<p><b>Tell us a joke -</b></p> <p>Q. Why have giraffes got long necks? A. Because their feet stink!!</p>
